ACTION ORGANIZER

*Manage your cables and equipment
with this convenient 84" rack.*

Key Features

- ▶ **Constructed of heavy-duty steel.**
- ▶ **Durable, black, smooth, semi-gloss powder-coat finish.**
- ▶ **Overall height of 84" with 45 rack units (U).**
- ▶ **Open-style frame has no airflow restrictions.**
- ▶ **24" or 36"-deep footprint provides superior stability and greater protection for equipment.**
- ▶ **Conforms to EIA standard for mounting 19" EIA components.**

The Action Organizer is an equipment bay and a cable management unit in one.

The heavy-duty steel frame protects and supports large equipment and advanced cable management. The rack, which measures 84" high and 24" wide, is available in either 24" or 36" depths.

Installation-friendly design features easy access, increased visibility, and free-flow air distribution.

The unique quick-release shelving system allows the Vented Quick-Release Shelves (RM921 or RM922) to be mounted independently from the rack's EIA

mounting holes and lets you easily change the shelf location without the use of any tools or screws.

Optional Cable Management Kits (RM923 or RM924) hold your cables securely in the rack. Each kit comes with 4" or 6"-deep D-rings.

The Cable Management Channel (RM926) features six built-in 6" x 2" D-rings for use with additional cable runs.

Power strips can be mounted directly to the back of the rack or the optional cable channel. The Cable Channel (RM925) features six 2" x 2" D-rings and holds two 20-amp power strips.

A pack of 50 M6 Cage Nuts and 50 M6 Mounting Screws is included with each rack.

The rack conforms to standard 19-inch EIA equipment.

Typical Applications

- Organize your equipment and cable in a single rack.
- Mount 19" EIA components in the rack.
- Join multiple racks with the optional joining kit (RM927).

Action Organizer Features

Specifications

Exterior Height: 84" (213.4 cm)	Frame: 14 AWG steel

Rack Spaces: 45U	Weight: RM920A: 110 lb. (49.9 kg); RM930A: 120 lb. (54.4 kg)

Why Buy From Black Box? Exceptional Value. Exceptional Tech Support. Period.

Recognize any of these situations?

- You wait more than 30 minutes to get through to a vendor's tech support.
- The so-called "tech" can't help you or gives you the wrong answer.
- You don't have a purchase order number and the tech refuses to help you.
- It's 9 p. m. and you need help, but your vendor's tech support line is closed.

According to a survey by Data Communications magazine, 90% of network managers surveyed say that getting the technical support they need is extremely important when choosing a

vendor. But even though network managers pay anywhere from 10 to 20% of their overall purchase price for a basic service and support contract, the technical support and service they receive falls far short of their expectations—and certainly isn't worth what they paid.

At Black Box, we guarantee the best value and the best support. You can even consult our Technical Support Experts before you buy if you need help selecting just the right component for your application.

Don't waste time and money—call Black Box today.
