

## Quick installation guide for LB9217A and LB9216A

This installation guide gives step-by-step instructions on how to install LB9217A & LB9216A that pertains to this 17-port modular Ethernet switch.

### Selecting a module combination with LB9217A and LB9216A

LB9217A can be plugged in with the combination of different copper and fiber optic connectors. Following is a list of various modules pertains to this 17-port modulated Ethernet switch.

Figure 1: Front Panel of the Chassis, LB9217A.

| Modules:       | Ports          |
|----------------|----------------|
| LB9213A:       | 8TX            |
| LB9219A:       | 4TX + 4FX (SC) |
| LB9216A:       | 6TX + 2FX (ST) |
| LB9218A:       | 6TX + 2FX (SC) |
| LB9214A:       | 8FX (ST)       |
| LB9215A:       | 8FX (SC)       |
| LB9007C-ST-R2: | 1FX (ST)       |
| LB9017C-SC-R2: | (SC)           |

### Follow These Steps for Installation:

- Step 1:** Turn off the power before installation.
- Step 2:** Unscrew the cover plates of the module slots. Retain both the screws and the cover plates. The plates can be reinstalled if the module is removed.
- Step 3:** Remove the module from the static-free container then slowly slide the plug-in module into the designated slot, following the plastic guides.
- Step 4:** Snap in the Plug-In Module to attain a firm connection.
- Step 5:** Tighten the screws retained from original cover plate.
- Step 8:** Restore power.
