**The NetRack Plus contains four full-length vertical organizers with front-to-rear and inside-to-outside cable feed-through holes.**

19" rails meet EIA-310-D standards and contain $^{10}/_{32}$" mounting holes and bridge lances for securing cable. Heavy-duty reusable ties included.

Vertical cable organizers feature cable feed-through holes and cable rings.

Overhead interior lighting

Six-outlet power strip (125V, 15 amps)

Heavy-duty equipment shelf.

Shelving options include:

Sliding Shelf (RM170). It features a 75-pound capacity. It's 22.63"D—almost as deep as the fixed shelves.

Fixed Solid Shelf (RM171). It's 23 inches deep and can support up to 100 pounds.

Fixed Vented Shelf (RM172). It's 23" deep and can support up to 100 pounds.

Front Plexiglas® door has a lock, bottom vent, and removable hinge pins.

Modular, vented side panels feature easy-lift handles.

A pontoon base has leveling feet and power-cord access hole.

Ladder rack mounting holes accept 6", 9", 12", and 15" wide ladder.

15" panel with 10" 550-CFM exhaust fan

**Cable access panels contain 3" holes with grommets and plugs. Soft grommets protect cable and prevent kinks.**

Modular top panels can be field-adjusted to accommo-date various cooling and cable-management scenarios.

Durable frame allows for a 3000-lb. load rating

16-gauge rear door with lock, bottom vents, and removable hinge pins

8.5" x 11" storage pocket on rear door holds equipment manuals

Set of 4 full-swivel, heavy-duty casters (rated at 200 lb. each) is available.

Open bottom provides room for cable entry and exit.

Weight — RM550A, RM555A: 241 lb. (109.3 kg); RM560A, RM565A: 315 lb. (142.9 kg)

Description

The NetRack Plus is a fully assembled, ready-to-use cabinet. Just add your equipment and plug it in—that's it! See the illustration on the back of this page for a list of the NetRack Plus's features.

Additional features:

- Ample space inside the cabinet—large bundles of wire and cable fit without a problem.

- These fully welded and assembled racks, constructed of heavy 12-gauge steel, have a 3000-lb. load rating.

- Locking doors provide quick access and security.

- The Plexiglas® door can easily be changed from left- to right-opening with quick-release pins.

- Easily join the NetRack Plus frame to other racks or cabinets—just remove the side panels.

- For extra shelving, order sliding, fixed solid, or fixed vented shelves.

- Our Comm Cabinet accessories will fit this Rack. Check your BLACK BOX Catalog® or call Technical Support for additional information at 724-746-5500.
